# Mayor Bill McCabe, we're watching you

Editor of The Register Citizen:

Bill McCabe says he likes his job as Winsted's mayor. I am sorry to say to Mr. McCabe there are at least 1,500 of us who don't like the job you and Hablal, Pettit, and O'Neill are doing.

You were stubborn and didn't want to listen to us. You made us sue you to get your attention. You have become mean-spirited and have lost concern for the town. You have drawn the wagons around yourselves and vote as a block of four. You will have your way!

You blame Charlene LaVoie for all the troubles that you have brought on yourselves and continue to bring with your actions. You complain that Charlene LaVoie is the 5th selectman.

Well, we don't trust you anymore. We will watch you closely. We are tired of sleazy politicians and Democratic and Republican political bosses. We want our rights and our will be done.
