

Attacks on LaVoie highlight her value

Editor of The Register Citizen:

The Feb. 11 story in The Register Citizen regarding the community lawyer was very interesting.

Charlene LaVoie has brought to the voters of Winsted their right to know and to express their feelings on issues concerning town government. In the past, citizens have had no direct leadership to oppose issues they, the voters, did not agree with. That she is called trashy names by Selectman Nancy Habbal clearly shows Ms. Habbal's intention to discredit her work as a community lawyer. Perhaps Ms. Habbal should be counseled by her mentor(s) to remain silent.
